

Last night, I listened to Mark Hyman, VP of the Sinclair Broadcasting group, try to defend his company's reasons for forcing all 62 of its stations to air "Stolen Honor". His arguments were weak and unconvincing. "Stolen Honor" is not a news broadcast. It is a political attack ad against John Kerry. Sinclair is using public airwaves to try to influence the upcoming election in favor of their candidate. HOW UNAMERICAN!! Sinclair broadcasting is not the RNC—they are supposedly an outlet for OBJECTIVE news!!!

FCC: this is what can happen when large corporations control many small news stations—  
PLEASE TAKE NOTE AND ACT TO CHANGE MEDIA  
OWNERSHIP RULES!!! Thank you for listening.
